SOVIET WARNS 9 NATIONS

WILL FIGHT ATTACKS ON RUSS SHIPS

BULLETIN
Cortegosa, Spain, Sept. 10 (AP)—Spanish government gunners today believed they had sunk an unidentified submarine off the coast near here. More batteries opened fire when the submarine appeared. Later on it was seen floating on the surface. Boats were sent out to raise the craft. It could be found.

Nyon, Switzerland, Sept. 10 (AP)—Soviet Russia's foreign commissar warned a nine-nation Mediterranean conference today that Russia "must and will take its own measures" against submarine pirates in that sea.

"The Soviet government cannot allow anyone to destroy its state property," he said.

He linked these words with a thinly veiled accusation of Italy as a "pirate government."

SHOTS CHARGES
He shouted:

"Only those states can avoid participating in this conference which consider themselves guaranteed against piracy—either."

Chief of Police A. P. Richards said the men were arrested on the naval tender *Indagator*. Naval officers gave the names of the missing men as James O. Robertson, Melvin L. Davis, Franklin and Benjamin Charles William Davis.

N. E. Film Tests For New Talent End Sept. 27

A full page of photographs of candidates in the talent quest will appear in the September 12th issue of the Boston Sunday Advertiser.

By ANN MARSTERS
We have some more news to tell you about the New England Talent Quest.

It's about the journey to Hollywood which will be made by the person who is finally selected by the Metro-Goldwyn-Mayer talent scouts.

The screen tests will be completed by the 27th of September, at the very latest, and then, some young New Englander will take off from Boston on the 4th of October. (That will give you a few days in which to pack your suitcase and things for a month's stay in Hollywood.)

At 8:30 on Monday evening, you will see the East Boston Airport on the *Express* American Airlines Flapjack. The next afternoon, at 12:30, you will land at Glendale airport in Los Angeles. (Don't it sound almost incredible?)

Anyways, it's true—and the trip itself is a heavenly experience. (I know, because I've flown from here to Hollywood.)

The *American Airlines* ship doesn't it sound almost incredible?

The optimistic smile Walter E. O'Hara was wearing when this picture was taken was apparently justified today when the Rhode Island Supreme Court quashed a state racing commission order intended to oust him from control of the Narragansett track. In the picture, O'Hara was with a state trooper at Warwick, R. I., court, where he appeared to furnish bail on a criminal libel charge.

5 HURT IN CRASH AT WESTBORD

Westford, Sept. 10.—Five members of a New York family were hurt today in a crash of their airplane, in an automobile crash on the New York Veterans' highway near here today.

The injured were removed to Memorial Hospital, Westford, where doctors worked desperately to save the lives of the three who were hurt.

They are: Mrs. Louise La Folia, 45, of Westford; Mrs. Gertrude La Folia, 28, and the father's daughter, Louise, 4, all of Haverhill street, Westford.

Less seriously injured are Frank La Folia, 28, husband of Mrs. Gertrude La Folia, and his son, Frank, Jr., 8.

The La Folia family was driving toward Westford on the way to New York, when their car collided with one driven by Harold Fox of Westford.

RACE BOARD PUTS OFF TRACK HEARING

BULLETIN
Providence, R. I., Sept. 10.—Hearing of the Narragansett Racing Association, Inc., before the state division of racing, scheduled for this afternoon, has been postponed until next Tuesday at 2 p. m.

This announcement was made at the 'Gansett track' by a member of the state racing division. This action assures running of the \$25,000 feature race at the track tomorrow afternoon. It was also believed the rest of the meet would not be stopped.

By JAMES J. DELANEY
Boston Evening American Staff Correspondent

Providence, R. I., Sept. 10.—In a major victory for Walter E. O'Hara, Rhode Island racing baron, the full bench of the Supreme Court today "quashed" the order of the state racing division directing O'Hara's ouster as president and managing director of 'Gansett.

The decision was announced at 12:55 p. m. and came as a result of yesterday's hearing following the petition for a writ of certiorari brought by O'Hara last Tuesday.

Simultaneously with the announcement of the decision, lawyers for O'Hara, Lawrence J. and Edward T. Hogan, filed a writ of prohibition against a scheduled meeting of the state racing commission this afternoon at which the Narragansett Racing Association, Inc., was ordered to show "cause" why its license should not be revoked or suspended.

Whether the decision of the Supreme Court held up the meeting of the racing division could not be immediately determined.

The writ of prohibition was filed in the superior court before Judge Patrick Curran, with whom the Hogan brothers had been in conference shortly before noon.

13 PAGE DECISION
"The decision of the Supreme Court, 13 pages in length, issued in part, concerning the 'quashing' of the racing division."

For the reason stated, the prayer of the petition is granted and the finding and award of a respondent embodied in their order of September 8, is as follows:

"Second, said division finds that said Walter E. O'Hara, an employee and official of the said Narragansett Racing Association, Inc., on the third day of September, A. D. 1937, did unlawfully interfere with, threaten and intimidate James H. Douglas, a steward appointed by the division of horse racing, in the performance of his duties."

**24-Ounce Baby
Born in Everett**
A tiny mite of a boy—one and one-half pounds—was born today to Mrs. Ray Hampton, of Springfield avenue, Everett, in Whidden Memorial Hospital.

Immediately Dr. Joseph Hencken, attending physician, ordered the infant taken to Children's Hospital, Brookline. There the baby, the smallest ever born in Whidden Memorial Hospital, was placed in an incubator.

Doctors and nurses in Children's Hospital reported the child is apparently in the best of health despite its size. The mother was reported resting comfortably.

**Polish Rival Ousts
Helen Jacobs**
Forest Hills, N. Y., Sept. 10 (AP)—Helen Jacobs, champion from 1932 through 1935 and beaten finalist year today, today was eliminated from the women's national singles championships before a capacity crowd of 14,000 in the West Side Tennis Club stadium.

Her opponent in a semi-final match was Jadwiga Jedrejowska, a hard-hitting Polish girl, who won at 6-4, 6-4.

INDICTMENT TO BE ASKED

New Brunswick, N. J., Sept. 10.—(AP)—Prosecutor Charles M. Morris requested today to go before the grand jury next Thursday and demand an indictment for first degree murder against Margaret Freeman.

The 20-year-old business school student is accused of the murder of Paul Reeves, 26, of Indianapolis, Ind., who was shot to death in a rooming house in New Brunswick, N. J., on August 24.

Margaret, who was indicted on a charge of murder, is being held in the New Brunswick jail. She is being held in the New Brunswick jail.

Baroness Merry to Seek Third Divorce

London, Sept. 10.—(AP)—Baroness Merry, formerly the wife of the Duke of Devonshire, is expected to file for a third divorce from her husband, Lord Devonshire, in the near future.

The divorce would be the third for the Baroness, who has been married three times.

Her first husband was Lord Devonshire, whom she married in 1911.

Her second husband was Lord Devonshire, whom she married in 1914.

Her third husband was Lord Devonshire, whom she married in 1917.

Keyhole view of MEN AT WORK

Take a peek at news in the making. Important news! It will effect the pocketbooks of over a million men. It will make front page headlines in every clothing publication. Because it comes from America's largest clothier, merchants from Maine to California will talk about it. You will read it in this paper, a week from today. It will be Bond's price policy for the Fall! * You know that most retail prices have already been raised. Should Bond's follow? Woollens are up, linings are up, labor is getting more. Is the public now able to carry part of this load? If so, how much? If not, how much extra business will we win by saying "No Increase Here"? Will it be enough to help cover our extra costs? * There'll be no guesswork in getting the answer. A nationwide survey, covering thousands of interviews, is before our Board of Directors at this moment. It alone will determine their verdict. * In the meanwhile, new Fall selections are piling in from our factories. And, last season's prices still hold good. "Bond Streeters" are still \$25. Our Rochester Quality is still \$30. "Park Lane" Suits are still \$35. Two-trousers with every suit. The man who buys this week is playing safe. So why wait?

It costs you nothing extra to "charge-it" the popular Bond way.

Pay weekly or twice a month—and that's all.

Senate to Probe Reported Nazi Seizure Plot

Washington, Sept. 10 (INS)—A congressional drive for a sweeping investigation of Nazi activities in this country appeared centered today as Senators Borah (R., Idaho) and Burke (D., Nebraska) joined House advocates in demanding its authorization.

Borah said he would introduce a resolution for a Senate probe on the opening day of the next session of Congress, "whether regular or special."

Representative Dickstein (D.) of New York, chairman of the House immigration committee, and Representative Dies (D.) of Texas, author of a Nazi probe resolution which was pending in the House rules committee when Congress adjourned, were both expected to introduce their demands for an investigation when Congress reconvenes.

"I do not believe our future is seriously imperiled by the existence of subversive activities in this country, but as prudent citizens we must continually be on guard to make sure these revolutionary principles are held in check and do not become a threat to America."

Borah favored reopening the special House investigation of subversive activities which was concluded in January, 1935, and when the House refused to reopen this year.

Representative McCormack (D.) of Massachusetts' lead in the probe three years ago, but their report was never acted on by Congress.

Bares War Romance Too Late Youth Dies Without Solving Mystery

Chicago, Sept. 10 (INS)—When the news of a young couple's romance was reported today, it was too late to solve the mystery of a young man's death.

It was a story that began in the newspaper early last week when a young man known as William J. Hutton drowned in Lake Michigan.

At the time, Hutton was 21 years old and was a student at the University of Michigan. He was a member of the Phi Kappa Psi fraternity.

His death was a surprise to his family and friends. He was a popular young man and was well liked by all who knew him.

Financed in U. S.

Rep. Dickstein Charges

New York, Sept. 10 (INS)—Nazi activities in the United States are being financed by Americans, Congressman Samuel Dickstein charged today.

Commenting on reports of a alleged attempt by 200 trained Nazis to stage a "Hitler revolution" in America, he said:

"It is by Nazis and other Fascist sympathizers that the threat of the coming of Hitler is being financed in America."

"If a careful examination were made we could even find some American citizens or individuals helping to finance some of these movements."

Dickstein's statement was made in a speech before the House on the floor of the House.

"That's all," said Dickstein, who returned yesterday from Chicago. "Dickstein is not coming to the pit, politically and otherwise."

He has expressed his hand in attempting to use the American government in attacks on the German people.

Kuhn admitted that the American, Frederick Volkmann, of which he is a national chairman, has \$100,000 in funds in New York City.

He denied, however, that the Americans had any connection with German Nazis and said that only American citizens may join.

"Our purpose is to save the United States from Communism," he said. "We don't hold our drills and exercises in secret. Sight-seers are welcome."

Charge Organizing of German Children Here

Chicago, Sept. 10 (AP)—The Daily Times in the second of a series of sensational articles, said today: "Heath Hitler, Himmler and Goebbels are the 4-H's used by the S. Nazis to prevent Americanization of children whose parents are members of the German-American Bund, nation-wide organization of American Nazis."

"In the coming years all the units and all the efforts will be required in order to put a stop to the former crying by the Americanization of their young," declares the Daily Times. "The printed from the German magazine 'Deutsche Arbeiter' in referring to children of Germans who have emigrated to America," the paper added.

The Times explained its articles were written by three German and reporters who joined German-American organization, paid to be in the Bund, were uniformed and attended camp.

Yesterday asserted the organization was training an army in preparation to seize control of the government when the Communist revolution starts.

The statements were ridiculed by the German consular here and denied by representatives of organizations mentioned.

Today's article said the yearbook listed the youth groups of the German-American Bund, which is a youth organization of German-American boys and girls, along with the Bund and in the United States they never have seen."

The Times said: "Their youthful first generation is a march of racial and religious hatred."

The newspaper said organization leaders insisted the youth were the victims of the Bund, and "must carry on our fight against Judaism, Bolshevism and Communism."

New York, Sept. 10 (INS)—The dream of all page boys on the floor of the New York Stock Exchange came true today for William J. Denman, 27, a page since 1935, with his election to membership.

Herbert L. Jones, floor partner of Graves, Manning & Co., transferred his seat to the youth "the owner of his loyalty to the Exchange," his application to his work and his outstanding merit as an employee of the Exchange.

Soviet Purge Aims at Mohammedan Women's Veils

Moscow, Sept. 10 (AP)—The Soviet's purge of "scholars and workers" today reached the far-away Afghanistan frontier. There it was charged, Mohammedan women still were forced to hide their faces behind veils. This is contrary to Soviet views on the emancipation of women.

Purges, official Communist party organ at Moscow, today charged officials in the purge, purged in recent weeks by special trials and firing squads.

In the great cities, but of Tashkent the campaign against state enemies reached the last of the 11 Soviet republics. There Purge charges, priests and monks continue Mohammedan practice, including the veil for women.

School funds have been seized. Purges and thousands of persons after two years' absence returned to the Soviet Union. The Communist party organ at Moscow, today charged officials in the purge, purged in recent weeks by special trials and firing squads.

U. S. NAVY PLANS Japan Losing 12 STREAMLINE DESTROYERS Face as China Beats Off Foe

(Editor's note: China's unexpected resistance to Japan's onslaught upon her territory has not only cut the Japanese "race," but at least temporarily has spiked plans for unchallenged domination over the Eastern Hemisphere. This was the conclusion reached today by H. R. Knickerbocker, noted war correspondent, now in Shanghai.)

By H. R. KNICKERBOCKER
International News Service Staff Correspondent
Shanghai, Sept. 10.—The vaunted "invincible" army and navy of Japan are losing face rapidly as a result of their hitherto ineffective assault upon the feeble Chinese giant.

The victory, when and if it comes, can no longer crown the prestige they had hoped to win as a power potent enough not only to crush China overnight, but thereafter to impose upon the western world unchallenged Japanese monopoly of the eastern half of the globe.

This was the first impression I received on a dramatic entry into the war zone, where a British transport, *Elephantia*, from 100 miles outside Wusong at Szechwan, Japan's navy headquarters.

Under shellfire, the British transport, *Elephantia*, from 100 miles outside Wusong at Szechwan, Japan's navy headquarters.

The first sight of dusk left eight Japanese warships, including an aircraft carrier, *Kaga*, and a battleship, *Yamato*, in the water.

By FRANK K. REILLY
Former Governor James M. Curley went into first place today in the Mayoralty Straw Vote Balloting now being conducted by the Boston Evening American and the Boston Sunday Advertiser.

And School Committee Man
The race to determine who will be the strongest contender for election as mayor to Mayor Martin J. Walsh will be, in the opinion of many, the race between Curley and Alfred Santolucito, who is a member of the School Committee.

SANTOLUCITO STRONG

Former Governor Curley's friends had been mailing ballots in such numbers that it was evident he would remain within sight of first place, but the earlier enthusiasm of the Tobin organization was such as to make it appear that the worst of paper ballots for their man would come to keep him at the top of the list of candidates.

COST OF LIVING HITS WPA

Washington, Sept. 10 (AP)—WPA economists expressed concern today that the higher cost of living may disrupt their program.
They said possible difficulties were demands for wage increases because of higher prices and the extra cost of supplies in local project sponsors.
The Works Progress Administration has a bill \$120,000,000 now in the last week of July. If expenses increase sharply, economists pointed out, there must be curtailment or revision of the nationwide work.

The average WPA worker is getting about 2 cents an hour more than he got a year ago.
Shower working hours on hand, project have after this time of wages. WPA workers now average about 10 hours of work a month. Basic monthly wages range from \$12 for unskilled workers in the South to \$14 for professional or technical workers in New York city.
To meet local conditions state administrators are empowered to raise or lower any wage scale as low as 10 per cent.

As cost of materials has risen, some local sponsors have demanded that WPA increase the scale of contribution to the cost of the relief project. But the administration has refused.

Japan's Two Aims

JAPAN, according to H. R. Knickerbocker, noted war correspondent of the International News Service, has two purposes in China. One, which she avows, is to crush China to her knees by conquest.

The other, which Mr. Knickerbocker thinks is hardly less obvious, is to destroy the prestige of the white race in the Far East.

Painful as both of these objectives must be to American interests, it is scarcely within our province to stand effectively in the way of either.

We might, and probably do, think it is grievously wrong for the Japanese to crush the Chinese; but we will not care to impose the force of our arms between Japan and that objective.

Neither will we care to go to war to maintain the precarious commercial position we have gained in the Orient.

President Roosevelt makes this unmistakably clear in warning Americans they will stay in China at their own risk. Plainly, if the present situation continues and our present policy prevails, American evacuation of China will result.

We seem to be prepared to pay a pretty high price for neutrality in China, but there will be few to argue peace is not worth that price.

IN THE main, we are willing to accept the fact that if staying in China means war, we are glad to get out.

But we are not overlooking the fact that Japan, successful in her objectives, may ultimately have broader ambitions.

If it is world conquest, for instance, that we must ultimately confront, that is what we must be prepared for.

OUR DEFENSES MUST NEVER FALL BELOW THE PROPORTIONS OF ANY FUTURE THREAT TO OUR OWN SECURITY THAT MAY ARISE IN THE FAR EAST OR ANYWHERE ELSE.

We are admitting we have nothing in China worth fighting for.

But in the meantime we must make it clear that WE WILL FIGHT FOR OUR SECURITY if we have to, and that we have the means of DEFENDING IT SUCCESSFULLY.

Beware of Strangers!

WISE and timely was the vote of the Boston School Committee instructing headmasters to caution all children against going with strangers or accepting gifts from them.

The histories of child murders by depraved men almost without exception show that the little victims were lured to their deaths by the promise of candy or toys.

Childhood, lacking experience, is necessarily trusting. Its friends and kidnappers

know that and seldom do they fail to take advantage of it to carry out their villainous purposes.

We cannot agree with Frederick R. Sullivan, School Committee chairman, who says that warning children is to over-emphasize the menace of the criminal motor.

We do agree with Dr. Patrick J. Foley, whose advice to the Committee was THE SEX CRIME DANGER CANNOT BE OVER EM-PHASIZED.

Shall We Have the Facts?

WILL it be a real investigation?

That is what Massachusetts asks as the Boston City Council's prison committee inquires into the circumstances attending the escape from Charles Street jail of Edward P. Simpson, now under arrest for the murder of

Patrolman Henry G. Bell of Boston.

Nobody denies that Simpson walked from his cell to freedom. He admits that, and even boasts about it, and the record proves it.

But how did he walk? Who or what made the walk possible? Why did he remain at liberty until a fatal shooting returned him to police custody?

Answers to those questions are NOT in the record. There is only a blank page.

Presently, the current investigation will fill the page and give us ALL the facts. It will if it is REAL.

Otherwise, it will not. White-washing investigations prefer blank pages.

An Event for All Americans

THE legislative commission in charge of Massachusetts' celebration of the Constitution's 150th birthday anniversary invites former governors and former members of Congress to review the Boston parade on September 17. This is the proper thing to do.

Politics should play no part in paying tribute to a century and a half of liberty in the United States. The day should be a truly American occasion for ALL Americans,

regardless of race, creed or party affiliation.

The Constitution belongs to every American. It is his lease to political, economic and religious freedom, and his insurance policy against Stalinism, Mussolinism and Hitlerism.

Constitutionally it is everybody's duty to take an active part in next Friday's exercises and to let the world know that Massachusetts is in place for plotting lease-breakers and deprecators of our national insurance.

Praise for Truck Drivers

TRUCK driving can be safe driving; the Motor Truck Club of Massachusetts provides proof.

This shows that 266 truck drivers, enrolled in the organization's safety campaign, covered 366,814 miles during July without an accident.

"The record," observes E. C. Berman, club manager, "is an indication that the

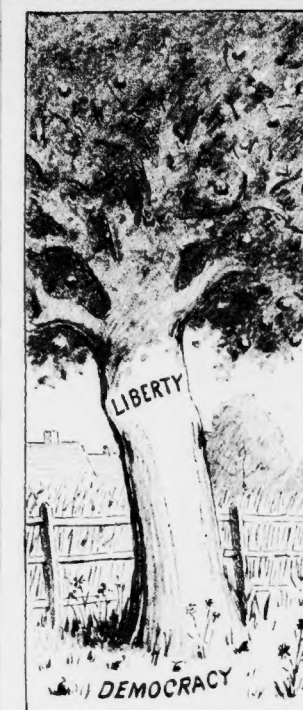

truck driver is a more alert driver because his mind has to be on his job."

Geographically, the lot across from Grand Central should be ideal for such a venture. But two ambitious efforts opened up, languished awhile and were abandoned.

When a successful restaurant found a place for it, it came back. (Churchill's was an example.) And many tried. Moving a six avenue stand.

Too bad all motorists, pleasure drivers especially, do not take this sense of responsibility.

Fertile and Barren Soil

The parable tells of the sower who went forth to sow, and who cast the seed—'and some fell on stony ground'.

With only a little change, the homily may be applied to the world today.

Democracy is the fertile ground where Liberty flourishes as a sheltering tree. Let the ground become barren—let dictatorship supplant democracy—and Liberty withers and dies.

That is the long lesson of ages of history. It is also the plain lesson of today.

The Japanese Suicides

The Human Side of the News
By Edwin C. Hill

Japanese airmen, carry swords so they may commit hara-kiri by sword suicide rather than be captured.

Thus past events in the Japanese invasion of China today's news headlines.

The suicide men of Nippon are not the only ones to die in battle, because of the war.

It is only in the last decade or two that statistics have shown a large proportion of these brave soldiers to die in battle.

Poverty and physical pain, however, have been common to the Japanese people since the war.
